Uganda	2013	84	88	75	82	85	94	99	84	92	96	84	84	84	88	81

Abbreviations: DRC, Democratic Republic of the Congo; FP, family planning; SARA, Service Availability and Readiness Assessment.

^a “Stock” refers to the percentage of health facilities where a SARA surveyor observed at least 1 valid stock of contraceptives (oral pills, injectables, or condoms) in the service area or where they are routinely stored in the health facility on the day of the assessment.

^b 2013 data is presented for Mauritania as their 2016 SARA summary report did not have this level of disaggregation.
